# A WORD FROM THE CHAIR

---

The Jeunesses Musicales Canada Foundation (JMCF) actively supports the missions of Jeunesses Musicales Canada, in particular the career development activities of young musicians and the introduction of young children to classical music.

For more than 20 years, the JMCF has been proud to award annual grants from the Fonds d'Aide aux Artistes (AIDA) to young Quebec classical music artists who are selected by a jury of experts. Since its inception, the fund has awarded \$3.2 million to artists to help them pursue their dreams.

This year, we have decided to highlight the talents of the young recipients of the AIDA Fund with a recognition event. This is an opportunity for us to congratulate them, to showcase their expertise, and to show our support for these artists who are working hard to succeed in their professional careers. We hope that this event will become an annual event that will bring our partners and emerging artists together.

Congratulations to the 17 grant recipients and our 7 partner organization awardees of the 2021-2022 season, who received over \$116,000 in grants!

I wish you collaborative projects with JM Canada and a long and successful career!
